1. What are cookies?

Cookies are small text files that can be stored on your device when you visit a website.

Cookies may, for example, be necessary for a webshop to function properly, to remember preferences, or to gain insight into the usage of a website.

In addition to cookies, websites can also use similar techniques, such as certain forms of local storage.

2. Which cookies do we use?

Our webshop uses different types of cookies.

Necessary cookies

These cookies are necessary for the proper functioning of the webshop.

They can be used for example for:

- the shopping basket;
- the ordering process;
- remembering necessary settings;
- security;
- the functioning of the payment environment;
- the correct display and use of the website.

No prior consent is required for these cookies when they are exclusively necessary for the service that the visitor has expressly requested.

3. Third-party cookies

For certain parts of our webshop, cookies or similar third-party technologies may be used.

This may relate to, for example:

- Google Analytics;
- Mollie's payment environment;
- technical services used by our webshop software.

In doing so, third parties may process personal data in accordance with their own privacy policy and the agreements made with us.

4. Consent

When consent is required for placing or reading a cookie, we request this consent before the relevant cookie is placed.

6. Delete cookies via your browser

You can also delete or block cookies via your browser settings.

The way this works varies by browser. Deleting or blocking necessary cookies may cause the webshop to no longer function properly.

7. Overview of cookies

The exact cookies used on our website may change when we modify parts of our webshop, payment environment, or analytics tools.

An up-to-date overview must therefore be generated directly from the webshop's cookie settings.

Category	Employ	Goal
Necessary	The Shopbuilders	Technical functioning of the webshop
Necessary	Mollie	Processing and security of payments
Analytical	Google Analytics	Measuring and analyzing website usage

8. Amendments

We may change this cookie policy when our website, the services used, or applicable legislation changes.

The most current version is published on this page.
